Dear John,

I wanted to personally thank you again for our one on one Time Management session on Friday. I walked away with some great advice, techniques and a sense of calmness which I haven't felt in a long time!

Your passion and knowledge inspired me to have an open mind and I am now willing to conquer my days ahead.

Also, if you are interested please put together some ideas and pricing for our sales rally in October to kick off the 43rd Annual International Auto & Truck Show.

Sincerely,

Courtney DeLee
