Dear John,

I wanted to personally thank you again for our one on one Time Management session on Friday. I walked away with some great advice, techniques and a sense of calmness which I haven't felt in a long time!

Your passion and knowledge inspired me to have an open mind and I am now willing to conquer my days ahead.

Also, if you are interested please put together some ideas and pricing for our sales rally in October to kick off the 43<sup>rd</sup> Annual International Auto & Truck Show.

Sincerely,

  
Courtney DeLee
